# Grading Spectrum

Grade Range	Member	Assessment	Trainer	Reports
Baseline	No user accounts	Create assessment form. Single list of assessments consisting of weight, chest, thigh, upper	no trainer account	Show BMI, for most recent assessment.
Good	Separate Member Accounts (firstname, lastname, email, password, gender, height) Signup + Login	Each Member has list of assessments + form to add assessment just for that user	no trainer account	BMI+BMI Category for each assessment
Excellent	as above + initial weight. Account Settings View	as above + comment.	Trainer Accounts (preloaded). Trainer can leave comment on any assessment.	BMI Before first assessment. BMI+BMI Category + Is Ideal Body Weight for each assessment
Outstanding	Members can delete their own accounts, which removes all assessments	Date/Time for each assessment	Trainers Enter assessment + leave comments (on any assessment)	Trend Reports
